

CONSEC2024 CONFERENCE

30th Annual Conference & Exhibition
10th October 2024

Hilton London Heathrow Airport Terminal 5,
Poyle Rd, Slough SL3 0FF

‘Navigating Global Supply Chain Risk in a Turbulent World’

Exhibit at the Prestigious ASC CONSEC 2024 – Networking, Recognition, and Growth Opportunities Await!

We are pleased to extend an invitation to you to showcase your services and products at the Association of Security Consultants' (ASC) landmark 30th annual conference and exhibition, CONSEC 2024. This esteemed event will take place on 10th October 2024, at the luxurious Hilton Heathrow Terminal 5, a venue synonymous with excellence.

As an exhibitor at CONSEC 2024, you will gain unparalleled exposure to a distinguished audience of security professionals, consultants, and industry leaders who are eager to discover innovative solutions and forge meaningful connections. This is a prime opportunity to elevate your brand, demonstrate your expertise, and engage directly with decision-makers in a dynamic environment dedicated to the advancement of the security sector.

To express our gratitude for your invaluable support, the ASC will be hosting an exclusive drinks and buffet event at the venue on the evening of 9th October. This gathering serves as a token of appreciation from the ASC to our esteemed exhibitors and sponsors whose contributions are pivotal in bringing CONSEC 2024 to fruition. It's also a perfect occasion for pre-conference networking, allowing you to connect with peers in a relaxed and convivial setting.

The socialising continues on the evening of 10th October, with the ASC's Annual Awards Dinner. This black-tie gala event not only commemorates three decades of highly successful conferences but also honours distinguished achievements within our community through the presentation of the prestigious Imbert and Mike Cahalane Awards.

The Imbert Award has been presented annually by the ASC since 2005 and recognises master's students who produce outstanding dissertations that meet high academic standards on the subject of the development of ideas for the advancement of risk mitigation and enhanced security management. The award promotes innovation and excellence in the field of security by acknowledging ingenuity and scholarly prowess demonstrated by master's students through their dissertations.

The Mike Cahalane Award recognises individuals that have made significant contributions to the security consultancy sector with their exceptional expertise and commitment to advancing security measures, and have made a positive impact within the industry.

Both awards are highly regarded, and recipients are celebrated for their thought leadership, and dedication to sharing knowledge within the community, serving as a benchmark for excellence.

Following our prestigious awards dinner, guests will be treated to inspiring oratory and musical entertainment. Our after-dinner speaker is a highly respected figure renowned for their eloquence and ability to engage audiences with thought-provoking insights. As the applause fades, the ambiance will shift to music and dancing ensuring that the night concludes on a high note, leaving everyone with lasting memories of a truly exceptional evening.

As an exhibitor, you will be entitled to purchase tickets for this illustrious dinner at our concessionary rate, and your presence will underscore your commitment to excellence and provides further networking opportunities in a celebratory atmosphere.

We look forward to welcoming you as a partner at CONSEC 2024 in what promises to be a momentous occasion for the security profession.
