

Association of
Security Consultants

**Fifteenth Annual Conference and Exhibition
Thursday, 5th November 2009**

**The Royal Air Force Museum
Grahame Park Way, Hendon, London NW9 5LL**

“Strategic Security for the 21st Century”

Once again, the Association of Security Consultants is fortunate to be able to offer presentations from some outstanding speakers who are at the forefront of strategic planning and highly experienced in the practical aspects of the fight against criminality.

This year’s conference will advance the discussion on the importance of having an effective and cohesive strategic plan in the face of the continuing level of threats posed to our society.

Attendance at CONSEC is not only about the high quality professional presentations but also provides the opportunity to meet with colleagues and friends and develop new contacts.

Whilst each business approaches security from a different perspective, our speakers will share and explore with us their own particular experiences, bridging the gap between now and the future, whilst promoting the value of sharing intelligence, knowledge and information. The pooling of that knowledge is a key element to maintaining our safety and the continuity of business.

(Conference attendance can be approved for CPD points)

Who should attend?

The Conference will be of interest to consultants, government, police, commerce, finance, retail, industry security professionals, architects, designers, contractors, together with all those who have a responsibility for security and safety of their staff.

Sponsorship

Sponsors of the event will be showcasing their products in an exclusive exhibition that will be held in the refreshment area adjacent to the Conference Hall. Time will be given during the course of the day for delegates to visit our sponsors and discuss with them their products and individual security innovations, assisting our strategic effort in endeavouring to remain one step ahead.
